

Information for Product: **Mat and Table Top Cleaner**

Non-abrasive, non-streaking and non-flammable cleaner ideal for general use on work stations, table tops and anti-static mats. It effectively removes dirt without degrading the surface's anti-static properties.

Conductive Mat & Tabletop Cleaner

Truly an ideal cleaner that can be applied on just about any surface. This non-abrasive cleaner is ideal for general use on workstations, tabletops and anti-static mats. Leaves no film, is non-streaking and non-flammable. It effectively removes flux residues, oil finger marks, grease nicotine, dirt or grime and inorganic contaminants without damaging the surface.

- * Removes surface dirt on chair mats or other anti-static mats.
- * Eliminates unsightly film or other residue that may buildup on static sensitive areas.
- * Maintains original surface resistivity of anti-static mats.
- * Contains no alkali or ammonia
- * Designed for cleaning any production area in assembling, testing or handling sensitive electronic components.
