

Retractable Nozzle Vacuum Sealer - 50.8cm

The AVS is the choice sealer for the widest range of clientele, from medical and electronics device manufacturers, to food industry retailers, to pharmaceutical and aerospace corporations. The AVS's 6.35mm wide sealing element delivers a leak-proof seal for electronic devices that require moisture barrier bags. With one touch of the pedal the automated stainless steel nozzle retracts, and your sensitive components are sealed in seconds. Clean Room compatible, the AVS is also ideal for dry packaging applications on trays, tape and reel, tubes and a variety of SMD shipping containers. Combine the AVS's precise automation with speed, extensive safety features and incredible durability, and faulty seals resulting from operator or machine error are virtually eliminated.

Specifications:

- Seal Length: 50.8cm
- Seal Width: 6.35mm
- Vacuum Flow: 3CFM
- Max Vacuum Pressure: 27inHg
- Air Requirements: 5 CFM @ 90PSI
- Amps @ 120VAC: 6
- Unit Size: 71.1cm L x 25.4cm W x 17.8cm H
- Approximate Weight: 32 lbs.
